

What to bring to 1:1 Camp @ sma

The following items are **REQUIRED** to receive an iPad:

1

Case for Apple iPad (7th Gen)

MUST:

Protect back, sides, and corners of iPad.
Cover screen when not in use.

See SMA website for requirements and suggested cases.

Plastic or rubber are best. Please do not buy a fabric, leather or elastic case--broken iPads result in replacement fees!

Keyboard or no keyboard?

We DO NOT recommend built-in keyboards. They tend to break easily and become useless dead weight. Instead, get a good protective case and an inexpensive separate keyboard that can be easily replaced if needed.

2

Apple ID and password

MUST BE:

Individual ID (not shared!)

Set up with a web-based email address (Yahoo, Gmail, iCloud, etc.)

Please DO NOT use an email address from a cable or phone company (e.g. Comcast). If that email address changes in the next four years, it will become difficult for the student to access her account.

Website for Apple ID:

<https://appleid.apple.com>

3

Payment option attached to Apple ID

Please do ONE of these:

- 1) Add a credit card to the Apple ID account, or
- 2) Add an iTunes Gift Card to the Apple ID.

Apple requires a payment option to download apps--even free ones.

SMA will push all required school-wide apps to student iPads--no additional payment required.

Freshmen will receive managed IDs that will have 200GB of iCloud storage for backing up.

4

Signed Handbook/ Tech Policy Card

Parents and students should review the SMA handbook and sign the Handbook Card and bring it to the camp. Check your mailing packets or the SMA website for cards.
